

IN MONEY

2025 Impact Report

Letter from the Executive Director

Hello all, and thank you for coming along this journey with us. 2025 was a year of creativity, expansion, and finding alignment throughout our programming. This is the first year we have been able to get our side hustle programming off the ground, and we have seen great results across the board with 8 youth businesses started. Our technology has been revamped and revitalized by a new partnership with an old friend. We have continued to pursue our ultimate mission, to change the way that money is handled in our communities. This year laid the foundation for many things to come and we look forward to having you alongside us in 2026 and beyond!
